SAMPLE TASKS PUBLIC POLICY ADVOCATES ACCOMPLISH

- Securing public funding or contracts, changing laws or regulations, resolving disputes with government bodies or obtaining approvals.
- Identifying how changes in legislation, policies, programs and personnel impact clients' industry or organization.
- Positioning requests to government so they are relevant to decision-makers and supportable on the merits.
- Knowing who to talk to, when and how. And what to say.
- Working with client to develop targeted messages that are easily understood by decision-makers and those who influence them.
- Creating supporting documentation and materials that capture the attention of government and policy makers.
- Preparing client to lobby directly, or lobbying on his behalf.
- Tracking public policy and program developments.
- Helping client understand political considerations that drive those developments.

- Organizing political activities, including managing election campaigns, raising funds and planning party political events.
- Providing strategy and campaign advice.
- Identifying political audience.
- Structured contact programmes with political audiences.
- Legislative support on Regulations, Proposals (Bills) Directives and Statutory Instruments.
- Assistance with Issue Audits
- Production of Responses to Formal EU Government and Government Agency Consultation Papers.
- Government affairs training and advice on establishing in-house Public Affairs systems.
- Developing public consultation strategies.
- Conducting stakeholder relations and coalition-building activities.
- Planning, managing and interpreting public opinion and awareness research, using leading survey firms on a competitive basis.
- Understanding client communications objectives, needs, audiences and resources.
- Developing effective communications strategies.
- Planning, integrating and implementing an optimal mix of marketing, PR, media relations, advertising, web, public speaking and other communications tools to support clients' government relations objectives.
- Preparing strategic and tactical communications programs which are directed to all target audiences and support clients' overall business plan.
- Research, writing and editing services adaptable to any medium.
- Strategic communications planning.
- Issues management.
- Planning and implementing media strategies.
- Writing and editing media advisories, news releases and backgrounders.
- Organizing news conferences and media interviews.
